

SURFACE MOUNTED HANDS-FREE DOOR OPENER**SPECIFICATION**

The ArmPull surface mounted, hands-free door opener shall be fabricated of 7-gauge corrosion resistant type 304 stainless steel for optimum strength and durability and shall have 4 mounting holes to accommodate the four #14, 1.25" stainless steel screws that are included. Surfaces shall be finished with a uniform satin (brushed) finish. The ArmPull shall have rounded corners and chamfered edges for comfort. Upper section of the ArmPull handle shall be angled at 100 degrees and shall provide a minimum of 3.5 and a maximum of 4.4 inches clearance from door surface to enable the best combination of pulling force and easy ingress/egress. The ArmPull shall be manufactured in USA.

INSTALLATION

The ArmPull is designed to be mounted alone or just above an existing handle on a non-latching door using the screws provided. The ArmPull may be mounted vertically or horizontally and at such height as to provide an ergonomic, hands-free way to open a door. The ArmPull is rated for indoor or outdoor use.
